Rationale

The purpose of this policy is to:

(Ref Ofsted 2013)

Scope (from SWGfL)

This policy applies to all members of [High View School](#) community (including staff, students / pupils, volunteers, parents / carers, visitors, community users) who have access to and are users of school / academy ICT systems, both in and out of [High View School](#)

The Education and Inspections Act 2006 empowers Headteachers / Principals to such extent as is reasonable, to regulate the behaviour of students / pupils when they are off the *school / academy* site and empowers members of staff to impose disciplinary penalties for inappropriate behaviour. This is pertinent to incidents of cyber-bullying, or other e-safety incidents covered by this policy, which may take place outside of the school / academy, but is linked to membership of the school / academy. The 2011 Education Act increased these powers with regard to the searching for and of electronic devices and the deletion of data (see appendix for template policy). In the case of both acts, action can only be taken over issues covered by the published Behaviour Policy.

The school will deal with such incidents within this policy and associated behaviour and anti-bullying policies and will, where known, inform parents / carers of incidents of inappropriate e-safety behaviour that take place out of school.

- Policy to be part of school induction pack for new staff
- Acceptable use agreements discussed with pupils at the start of each year.
- Acceptable use agreements to be issued to whole school community, usually on entry to the school
- Acceptable use agreements to be held in pupil and personnel files

Handling complaints:

The school will take all reasonable precautions to ensure e-Safety. However, owing to the international scale and linked nature of Internet content, the availability of mobile technologies and speed of change, it is not possible to guarantee that unsuitable material will never appear on a school computer or mobile device. Neither the school nor the Local Authority can accept liability for material accessed, or any consequences of Internet access.

Staff and pupils are given information about infringements in use and possible sanctions. Sanctions available include:

- o interview/counselling by teacher / e-Safety Coordinator / Headteacher;
- o informing parents or carers;
- o removal of Internet or computer access for a period, [which could ultimately prevent access to files held on the system, including examination coursework];
- o referral to LA / Police.

Our e-Safety Coordinator acts as first point of contact for any complaint. Any complaint about staff misuse is referred to the Headteacher.

Complaints of cyberbullying are dealt with in accordance with our Anti-Bullying Policy. Complaints related to child protection are dealt with in accordance with school / LA child protection procedures.

Review and Monitoring

The e-safety policy should be read in conjunction with other school policies: Computing policy, Child Protection policy, Anti-Bullying policy and in the School Development Plan, Behaviour policy, SMSC policies.

- The e-safety policy will be reviewed annually or when any significant changes occur with regard to the technologies in use within the school
- The e-safety policy has been written by the school e-safety Coordinator and is current and appropriate for its intended audience and purpose.
- There is widespread ownership of the policy and it has been agreed by the SLT and approved by Governors and other stakeholders such as the PTA. All amendments to the school eSafeguarding policy will be discussed in detail with all members of teaching staff.

- We provide pupils with a class network log-in username.
- We use the London Grid for Learning's Unified Sign-On (USO) system for username and passwords;
- Makes clear that no one should log on as another user and makes clear that pupils should never be allowed to log-on or use teacher and staff logins as these have far less security restrictions and inappropriate use could damage files or the network;
- Has set-up the network with a shared work area for pupils and one for staff. Staff and pupils are shown how to save work and access work from these areas;
- Requires all users to always log off when they have finished working or are leaving the computer unattended;
- Where a user finds a logged-on machine, we require them to always log-off and then log-on again as themselves

5. Data security: Management Information System access and Data transfer

Strategic and operational practices

At this school:

- The Head Teacher is the Senior Information Risk Officer (SIRO).
- Staff are clear who are the key contact(s) for key school information (the Information Asset Owners) are. We have listed the information and information asset owners.
- We ensure staff know who to report any incidents where data protection may have been compromised.
- All staff are DBS checked and records are held in one central record.

We ensure ALL the following school stakeholders sign an Acceptable Use Agreement form. We have a system so we know who has signed.

- staff,
- governors,
- pupils
- parents

This makes clear staffs' responsibilities with regard to data security, passwords and access.

- We follow LA guidelines for the transfer of any data, such as SIMS data or reports of children, to professionals working in the Local Authority or their partners in Children's Services / Family Services, Health, Welfare and Social Services.
- We require that any Protect and Restricted material must be encrypted if the material is to be removed from the school and limit such data removal.

/ We have an approved remote access solution so staff can access sensitive and other data from home, without need to take data home.

- School staff with access to setting-up usernames and passwords for email, network access and Learning Platform access are working within the approved system and follow the security processes required by those systems.
- We ask staff to undertaken at least annual house-keeping to review, remove and destroy any digital materials and documents which need no longer be stored.

Technical Solutions

- We require staff to log-out of systems when leaving their computer, but also enforce lock-out after 10 mins.
- We use encrypted pen/flash drives if any member of staff has to take any sensitive information off site, though we no longer encourage their use at all.
- We use the DfE S2S site to securely transfer CTF pupil data files to other schools.
- We use the Common Transfer Files, via DfE S2S to transfer admissions data.
- Staff with access to the Admissions system also use a SWGfL OTP tag as an extra precaution.
- We store any Protect and Restricted written material in lockable filing cabinets
- All servers are managed by DBS-checked staff.
- We use Terminal Server, with Scomis fro backups
- We comply with LA/SWGFL directive on equipment disposal by using an approved or recommended disposal company for disposal of equipment where any protected or restricted data has been held and a certificate is obtained
- Portable equipment loaned by the school (for use by staff at home), where used for any protected data is disposed of through the same procedure.
- Paper based sensitive information is shredded using a cross cut shredder or collected by secure data disposal service.

6. Equipment and Digital Content
